

IMMANUEL LUTHERAN SCHOOL

TUITION & FEES

The following are tuition and school fees for the 2020-2021 school year. The non-refundable registration fee is required to pre-register each child at Immanuel. The completion of the proper forms and payment of this fee will secure a place for your child at Immanuel.

*Immanuel admits students without regard to race, color, or national origin.

Registration Fee (per child)

Partial Day Kindergarten	\$400 Early Bird Rate*
Full Day Kindergarten - 8th Grade	\$550 Early Bird Rate*

*** Please note - K-8 Registration is due in two installments: \$275 due (\$200 Partial Day) on April 1 and \$275 (\$200 Partial Day) on June 1. If either installment is paid after the Early Bird deadline, then that installment will be increased by \$50 (\$325 each for K-8, \$250 Partial Day).**

21st Century Learning – Chromebooks

Technology has opened doors to the world around us, providing enriching learning opportunities for our students. **Teaching has grown** to include more than just the teaching of facts. Now students also need to be able to **evaluate information, use it wisely, and communicate effectively**.

At Immanuel, our students practice and develop these vital skills for the future. They learn how to think outside of the box, follow a plan, and critically evaluate it. They gather information, develop projects, demonstrate mastery, communicate with others, and more. By using a variety of learning methods, students have the opportunity to engage, learn, and grow in knowledge and skills.

Each student in **sixth through eighth grade** is assigned a Chromebook for use in the classroom and for schoolwork at home. The Chromebook is a safe platform where students learn to be responsible digital citizens and refine keyboarding skills, preparing them for high school and beyond. Students create documents, presentations, spreadsheets, and more—all stored in the cloud so they have access outside of school. Students collaborate on group assignments and projects. Teachers provide information, guidance, and resources through Google Classrooms where students complete and post assignments. Middle school students also have access to iPads and the computer lab.

FEES

6th - 8th grade:

\$150/student

These fees cover the maintenance and use of our computer lab, computers in each classroom, program subscriptions, educational apps, basic maintenance and updates – as well as toward your purchase of this Chromebook computer.

21st Century Learning – Computers, iPads

Technology has opened doors to the world around us, providing enriching learning opportunities for our students. **Teaching has grown** to include more than just the teaching of facts. Now students also need to be able to **evaluate information, use it wisely, and communicate effectively**.

At Immanuel, our students practice and develop these vital skills for the future. They learn how to think outside of the box, follow a plan, and critically evaluate it. They gather information, develop projects, demonstrate mastery, communicate with others, and more. By using a variety of learning methods, students have the opportunity to engage, learn, and grow in knowledge and skills.

Students in **Kindergarten through fifth grade** use technology in a variety of ways in the classroom to enhance instruction. Online resources and apps are used to practice skills, review lessons, and for remedial intervention. Students demonstrate mastery and communicate with each other by creating presentations, movies, and other projects. iPads can be found at a 1:1 ratio in the 1st-5th grade classes. Students also have access to computers in the classroom, computer lab, and the library. Each classroom also has an interactive whiteboard for working with the entire class.

FEES

K - 2nd grade:	\$50/student
3rd - 5th grade:	\$100/student

These fees cover the maintenance and use of our computer lab, laptops and computers in each classroom, iPads, program subscriptions, educational apps, basic maintenance and updates.
